# W. L. GUMM

Peony Specialist,

REMINGTON, IND.

## Prices For 1930-31

All former prices are cancelled. Prices quoted here are for good, healthy roots with from 3 to 5 eyes, or more, good standard size roots. Order early as some of the rare varieties are very scarce. Orders will be filled in rotation as received. Do not be too anxious to get your Peonies the first of September as it is impossible to get them all out at that time. We only employ experienced men in filling orders. Last fall I received an importation of Peony roots from Holland which was planted the first of December, in fact after the ground was frozen. We dug the trenches for them earlier in the season and covered them with straw so the ground would not freeze. At present time 95% of them are up and looking as well as those which were put in earlier. Be very careful in writing your name and address plain. Send remittances with order, or satisfactory reference.

While we use the greatest care to have all plants furnished by us true to name and will replace any that may prove untrue, no sale by us carries a warranty of quality, express or implied, and for any error we shall not be liable for more than the purchase price. Every purchase from us is made on these terms.

Try one of my Introductory Collections—8 fine named Peonies for \$2.50 or 16 for \$5.00, all labeled and all different.

GROW PEONIES FROM SEED—One of the most fascinating parts of the business is growing Peonies from seed.

#### SEED SAVED FROM ONLY THE BEST NAMED VARIETIES

100 Seed from Yellow Varieties	\$1.00	100 Seed from L. A. Duff Varieties	\$1.00
100 Seed from Japanese Varieties	\$1.00	100 Seed from Mixed Varieties	\$ .50

#### GUMM'S HOOSIER BEAUTY DELPHINIUM SEED

The above strain was obtained by selection from Kelway's choicest varieties. Many of the plants were nine feet tall, having spikes of bloom from 2 to 4 feet long, with individual flowers from 1½ to 2½ inches in diameter embracing all the colors and tints which the Delphinium is subject to, from the darkest shades of Royal Blue to the more delicate pastel shades. You will find this a most wonderful strain, easily raised from seed, and perfectly hardy. Package of 200 seeds 50c.

Our terms are Cash with Order, or Open Account 30 days net, provided satisfactory credit rating or references are furnished

## ORIENTAL POPPIES

For dazzling barbaric splendor, the great Oriental Poppies are absolutely unrivaled. They may be used singly or in mass and in either way give a touch of color to the garden that is not furnished by any other flower. The blooms may be kept for several days as cut flowers if the freshly cut stems are immediately singed at the cut surface, or if the stems are plunged at once into boiling water for a moment or two, and then placed in cold water.

Transplanting should be done in August or September. At this time the plants are dormant and there is little danger of failure. Plant so the crown will be about 2" below the surface of the ground, and after the ground freezes cover with straw or coarse litter to prevent the plants from heaving.. Prices are for field grown plants.

---

Wurtembergia, finest red, large, one of the three best poppies	\$2.00
Lula A. Neeley, rich cardinal, " " " " " "	2.00
Empress of India, large, fine red	.75
